APPOINTMENTS WITH THE BOARD

Post Town Meeting Discussion

The following people joined the Selectmen for the Post Town Meeting Discussion: George Reich, Town Moderator; Beverly Litchfield, Town Clerk, Beth Regulbuto, Assistant Superintendent of Business, Hampden-Wilbraham Regional School District

(HWRSD), Daniel Miles, Chairman of Finance Committee, Thomas Sullivan, Assistant Town Administrator of Budgeting and Finance/Treasurer/Collector, and Nancy Johnson, Town Accountant.

Clerk Litchfield informed that the Town Meeting attendance was three hundred and ninety-one (391) residents. Administrative Assistant Gaumond informed that Jeffrey Smith, Chairman of Planning Board, will not be present tonight. She also commented that Town Meeting ran smoothly and efficiently this year. Moderator Reich thanked Administrative Assistant Gaumond, Anthony Aube, Executive Director of Wilbraham Public Access, and Nathan DeLong, Director of IT Department, for doing a good job to set up the Town Meeting. He commented that it was easier for him to be placed on the floor during Town Meeting. He felt it worked much better than being placed on the stage. Moderator Reich also received positive responses about not reading the entire budget during the Meeting. Chairman Bunnell also said that she heard positive comments as well. Moderator Reich said that it will be a new tradition to handle the budget in that manner. He stated that Massachusetts General Law directs that the Finance Committee has the opportunity to recommend all Articles; however, zoning Articles are typically delegated to the Planning Board's recommendation. Mr. Miles said that historically any Article relative to zoning or non-financial has not been designated as a Finance Committee recommendation. However, Mr. Miles is willing to do so if required or if there is preference in the future. Discussion ensued.

Moderator Reich informed that if there is going to be a fall Special Town Meeting, he would like to start the process of coordinating the meeting. He talked about the possibility of needing overflow rooms for the Special Town Meeting and appointing a Deputy Moderator to assist with two-way communication from the overflow areas. Discussion ensued. Ms. Regulbuto said the cafeteria is used as an overflow area; however, she was not sure if there was the capability for two-way communication. Clerk Litchfield asked how many people could seat in the cafeteria. Ms. Regulbuto stated four to five hundred people. Discussion ensued about procedures utilized in previous years when an overflow was required during a Town Meeting.

Mr. Miles asked if there is going to be a joint meeting with the Town of Hampden in the fall. Chairman Bunnell said no, there will be two separate meetings on, possibly, the same night.

Moderator Reich said the other minute issue is there are two spotlights in the auditorium, which are very blinding to the people at the front of the room. Ms. Regulbuto said that the auditorium has an advanced system and IT is working on correcting it.

Moderator Reich mentioned that he is seeking Special Municipal Employee status because there may be a potential conflict with him serving as Town Moderator and as a member on the Conservation Commission. Town Administrator Breault stated that this matter is scheduled on the Board of Selectmen's agenda for June 6, 2016.

Chairman Bunnell suggested offering reminders during the meeting for people, who would like to speak, to line up at the microphone.

Clerk Litchfield commented how being off the stage and down on the floor worked very well. However, she commented that there was a problem with the Community Fest. There was music playing in the main lobby, which made it difficult for the registrars to hear people's name and information while registering the residents to Town Meeting. She also made comments about the handouts.

Nancy Johnson, Town Account, said that this was her twenty-fourth Town Meeting; and she found it to be the most efficient.

Mr. Miles wondered if Departments requesting a new budgeted position should explain why there is a new position in the budget. He commented that there was a no room for that type of discussion during the Town Meeting.

Town Administrator Breault reported that this was his first official Town Meeting. He praised everyone who aided in the coordination of the meeting and encouraged the good work to continue. He asked, out of curiosity, if there are two rooms available for an overflow area at the School and how would that process work. Moderator Reich responded.

Selectman Russell appreciated the signage that was put out to advertise, and direct people during, Town Meeting. He also complimented the presentations given during the Meeting and felt people understood the business at hand as a result.

Clerk Litchfield stated that the Blackboard Connect call that went out informing of Town Meeting worked well. However, the call that went out for the Town Elections did not have a voice. She commented that the problem with the election was the Town-wide Tag Sale, Fishing Derby and Town sport events were all on the same day. Traffic was terrible on Main Street that day. She said that if elections are to remain on the third Saturday of May, it would be good to avoid any other conflicts that day. The group talked about the election and designated day of the election in the Town's bylaw. Mr. Miles suggested that the Town could consider having the election on another day than Saturdays.

Selectman Boilard said that the Community Preservation Committee (CPC) has Articles at Town Meeting; however, he is not sure if many people have a grasp as to what the Articles are about. He made suggestions. Mr. Miles said that he thinks people don't understand that the CPC Articles do not affect the Town's budget. The CPC Articles are funded separately. Selectman Boilard suggested that the Chairman of the CPC talk to the Articles' project applicants about presenting a quick presentation about their project at Town Meeting.

Chairman Bunnell thanked everyone who ran for election. She commented about finding ways to ramp up citizens' engagement in the Town Meeting and elections. Clerk Litchfield suggested having a number for people to call if there are questions relative to receiving a Blackboard Connect call from the Town. There could be a recorded message that provides the information sent out via Blackboard Connect so that residents who missed the call can call the phone number and receive the information. Chairman Bunnell directed the Town Administrator to look into this suggestion. He agreed.

Approval of Bond Anticipation Note – Thomas Sullivan, Asst. Town Administrator of Finance & Budgeting/Treasurer/Collector
Treasurer Sullivan reviewed and explained the Bond Anticipation Note to the Selectmen. He then asked the Selectmen if there were any questions. No questions were asked at this time. However, Treasurer Sullivan continued to share information about the amount of interest and cost of the bond note, on which he further expounded. The rate of the bond is .75; according to Treasurer Sullivan this is a good rate for the Town. The Selectmen signed the Bond Anticipation Note documents following the motion.

MOTION: Made (Russell) and seconded (Boilard) to approve the Bond Anticipation Note as presented. Approved 3-0.

Application for Section 14: Special Alcohol Service – Representative from Daily Pint

William Faneuff, owner of the Daily Pint, explained that he and Miriam Cambo, Owner of Village Store and Café, were organizing the "Cup to Pint" Road Race to raise monies for Livestrong, a charitable organization. He described the route of the race, which was similar to last year's route. He also mentioned that the race will end at Daily Pint where a cookout on the patio was being planned. Mr. Faneuff reported that so far this year eighty runners have signed up for the race. Total number of runners will be capped at one hundred and twenty-five (125).

He explained that the application for one day alcohol license is to extend Daily Pint's liquor license under a tent adjacent to the patio. The Daily Pint plans on grilling food outside on the patio and offer live music following the race. The live entertainment will be an acoustic player from 4pm to 7pm on the patio. Administrative Assistant Gaumond commented that Mr. Faneuff will also need a permit and license for food and entertainment as it's on the outdoor patio.

Mr. Faneuff also explained the plan for parking. He mentioned that his employees will park on the right side of the building. Also, Glen Garvey, owner of Post Office Park, has agreed to allow parking at Post Office Park for participants and spectators. The morning of the race there will be a shuttle for participants and spectators, which will transport people from Post Office Park to the Village Store and Café, where the race will commence. Chairman Bunnell asked about safety relative to participants and spectators crossing Boston Road after the event to return to their vehicles. Mr. Faneuff informed that Ms. Cambo spoke with the Wilbraham Police Department about providing detail the day of the race and after event. Selectman Russell pointed out that there is a traffic light next to Daily Pint on Boston Road.

MOTION: Made (Russell) and seconded (Boilard) to grant a Section 14: Special Alcohol License to Bill Faneuff of Daily Pint for sale of wine and malt beverages at a public event to be held on June 11, 2016, from 2:00pm to 10:00pm, at Daily Pint, 2523 Boston Road, in a 20'x20' Tent extending southeast off the existing outdoor patio. Approved 3-0.

OPEN SESSION

Town Administrator's Report

Town Administrator Breault reported that the Town was notified by Massachusetts Department of Environmental Protection (DEP) that there is an infestation of Emerald Ash Borer in Wilbraham. The infestation has been found in the area of Pomeroy Street and other adjacent roads. There may be an infested area in Gazebo Park as well. David Graziano, Tree Warden, is working with DEP to mitigate the problem. Town Administrator Breault shared that he spoke with Mr. Graziano today. A brochure is being developed to mail out to the local communities regarding the Emerald Ash Borer and infestation, etc. He further explained how the Town will get information out to residents.

Town Administrator Breault informed that the Regional Emergency Communication Center (RECC) District Planning Committee will meet on June 23 in East Longmeadow. Stephen Crane, Town Administrator of Longmeadow, is the Chairman of the Committee. Town Administrator Breault will serve as the Vice Chairman. The RECC's District Planning Committee will work on developing subcommittees addressing issues of governance, finance and dispatch services of the RECC.

Town Administrator Breault said the Solar Project is underway. He asked if the Board of Selectmen wanted to schedule a groundbreaking ceremony next week or the following week. Chairman Bunnell agreed to the idea. Town Administrator Breault offered to update the Board on a date for the groundbreaking ceremony later in the week.

Board of Selectmen Updates

Selectman Boilard talked briefly about the four corner markers in Town, which marks the Town's boundaries. He mentioned needing to get a hold of Joseph Calabrese, Chairman of the Open Space and Recreation Committee, to assist in finding the four corner markers in Town. Selectman Russell said that one of the antiquated responsibilities of the Board of Selectmen is to find the four pins (Town boundaries/markers) and report back to the Town. He commented that it's a nice tradition to bring back.

Chairman Bunnell spoke with Town Administrator Breault today about setting goals that would be evaluated at the end of the year. She offered that if members of the community had any suggestions for goals to let the Selectmen or Town Administrator know so that all suggestions would be included in the conversation.

Chairman Bunnell asked Town Administrator Breault to speak about a letter from Mr. Eisold of Wilbraham and Monson Academy. She mentioned that the matter noted in the letter would be taken up at a later meeting.

Chairman Bunnell said that she was contacted by State Senator Eric Lesser's Chief of Staff, who was seeking information about projects that the community would like to have earmarked in the state budget. She mentioned that there is a short list of projects to send forth to Senator Lesser's Office.

Chairman Bunnell reported that she attended a meeting of the Massachusetts Municipal Association's Policy Committee on Energy and the Environment. She explained that the Committee is looking at a legislative bill to abolish the "Bottle" bill law. The legislation will replace the current law with a bill that offers a three year lower deposit. She advocated against the change and explained why. The Committee is advocating to the State Legislature to hold off on acting on the legislation. The Committee expressed a need to obtain more information on the impact to municipalities, such as how to handle glass recyclables and manage the servicing of industry's offered recycle bins on public properties for residents.

Chairman Bunnell also provided an update on the Hampshire County Massachusetts Regional Selectmen's Meeting, which she attended. She commented that municipalities across the region are having the same type of budgetary issues, such as funding for school districts. It was noted during the meeting that the State Legislature is contemplating providing full funding in the Senate Budget for schools. As of right now all three (Governor; Senate and House of Representatives) of the State budgets are coming in projected at lower figures than last fiscal year.
